

Proposal # 2      Resolution/Amendment  
                                 Standing Rules      Constitution      Bylaws  
Article VI      Section 2

---

**Current Wording:**

Section 2. The National Executive Committee Person will be an elected position, with elections to be held at Department Convention in even numbered years. The elected position will be a two-year term with no member being able to hold this position for more than three, two-year terms in a lifetime. The Department President will be the Alternate National Executive Committeeperson.

---

**Proposed Resolution/Amendment:**

Strike - The Department President will be the Alternate National Executive Committeeperson.

Insert - the Alternate National Executive Committeeperson

---

**Rational:**

As Department President, the year is busy with department obligations. With the possibility of having to serve as NEC throughout the year, it will put undo responsibility on the Department President.

---

**If adopted, will read:**

Section 2. The National Executive Committee Person and the Alternate National Executive Committee Person will be an elected position, with elections to be held at Department Convention in even numbered years. The elected positions will be a two-year term with no member being able to hold that position for more than three, two-year terms in a lifetime.
